PUBLISHED UNDER THE VOTE OF THE TOWN,
PASSED APRIL 15, 1895.

INTRODUCTION.

PURSUANT to the vote passed by the Town at its last Annual Town meeting, I have compiled an Abstract of the Marriages recorded in Dedham from the middle of 1844 to the close of 1890. We have now in print all the Births, Marriages, and Deaths recorded from the beginning of the Town, 1635, to January 1st, 1891.

The first volume, from the beginning to 1844, was a transcript of the Record. As the records made since 1844 exist in table form, it is impracticable to reproduce them, and the plan of compiling an abstract, in alphabetical order, seemed the most expedient.

The Abstract of Births was published with the Town Report in 1894, that of Deaths in 1895, and this Abstract of Marriages will be presented in the Town Report of 1896. A few copies of each of these Abstracts have been printed on heavier paper than the Town Report, and bound in cloth, uniform with the other published Records of the Town, for sale.

The plan adopted in this Abstract of Marriages differs somewhat from that adopted in other towns that have published Abstracts of Births, Marriages, and Deaths. I have here arranged the Marriages alphabetically under the names of the grooms only, and have added an alphabetical index of the names of the brides, thus avoiding the necessity of making two abstracts of each marriage. I have also made an index of the maiden names, so far as they appear in the records, of the brides who had been previously married and of the mothers of the brides and grooms, and a place index of cities and towns in the United States.

The rule adopted in the Abstracts of Births and Deaths, to give as much of each entry as possible in the most condensed form, has been followed in this Abstract. The figures at the left indicate the number of each marriage in the record of the year in which it appears; then follow in order the christian name of the groom, his residence, age, birthplace, and the names of his parents, with his mother's maiden name in parenthesis, if given in the record; then follows the name of the bride, and if it is not her first marriage her maiden name is in parenthesis, then her residence, age, birthplace, and parents' name. The date of marriage appears last, first the month in figures, then the day of the month, and the year; as all are in this century, the 18 is omitted in the year.

Of course, in the records of the earlier part of this period few facts are recorded than in the later records. I am aware that in many instances names of persons and of places are incorrectly spelled, but as a rule the spelling given in the record has been followed both in the text and in the index.

On page 9, the name of the bride of Daniel R. Beckford, Jr. should read Jessie L. Keltie instead of Jessie K. Keltie; and on page 116, the name of the bride of Nathaniel Smith, Jr., should read Mary E. Phillips instead of Mary A. Phillips.

The copy for the printer has been made by Miss Martha A. Smit who has also assisted the Editor in proof reading and making indexes.
